It makes it still harder to understand when it is remembered that Governor Glenn is not a drinking man.

The Senatorial fight in Mississippi between Williams and Vardaman no doubt had its many innocent by-standers.

Graham has a daily newspaper, the publication of which began on Sunday. It is the Tribune and Captain Foster is editor.

Wilmington welcomes the gallant Tar Heel firemen in attendance on the State tournament here this week. It takes good stuff to make a fireman and North Carolina has every reason to be proud of hers.

If the Supreme Court affirms Judge Landis' fine of $29,240,000 against the Standard Oil Company, the company probably knows how to so widely distribute the increase in the price of oil that the fine will not bear severely on the burners of oil.

Clarence S. Darrow, one of W. D. Haywood's counsel at Boise, Idaho, said in his speech at the close of the trial: "There ought to be no jails." If there were no jails, Mr. Darrow would starve for lack of somebody to get out of jail.

A dispatch from Colon, Panama, states that the land around Lion Hill, ten miles west, sank the other day. It did not say how much of the land went down, or how deep it went, but it would be curious if the whole isthmus would sink just about the time the canal is completed.

When Congress meets the House should lose no time in hinting to Congressman Jenkins, chairman of the House Judiciary Committee, that he has its sympathy. Little did the House think when it last adjourned that between then and now, Mr. Jenkins would seize the North Carolina rate case to make laughing stock of himself.

AFFAIRS OF COUNTY

Regular Monthly Meeting of Board of Commissioners Held Yesterday.

CONFERENCE LAST NIGHT

Pender Authorities Conferred With New Hanover Commissioners Relative to Northeast River Bridge—Other Business.

The regular monthly meeting of the Board of County Commissioners was held yesterday afternoon, all members having been present, viz: Chairman McEachern, and Messrs. Vollers, Robertson, Alexander and Divine. At the meeting Mr. Curtis, of the Southern Engineering and Construction Company, of Burlington, N. C., was present and explained the plans and specifications for the new iron bridge which it is proposed to erect over Northeast river at Castle Haynes, connecting New Hanover and Pender counties. The estimated cost is $30,000. Chairman McEachern announced that the Pender Board of Commissioners would be down on the evening train for a conference on the subject at 8 o'clock at night. This was possibly the most important business of the session and was preliminary to the meeting at night.

At the conference last night the whole matter of the Northeast river bridge was gone over with the Pender Commissioners, Chairman K. F. Powers and Commissioner Moore being present. Commissioner Flynn was unable to be present on account of sickness in his family. Mr. Curtis and Captain Walter G. MacRae, the engineer, were also present. It was decided that the Blossom ferry is the only feasible crossing and at the cost named, it was tentatively agreed to divide the expense on the basis of number of polls in the respective counties. This would make the bridge cost New Hanover about in the proportion of two to one. The Pender Commissioners, however, were not prepared to give a definite answer to the proposition but the New Hanover Board practically assured them that whenever they were prepared to act this end of the line would be clear so far as the construction is concerned. The two boards again adjourned without taking any definite action.

Regular Monthly Meeting.

When the meeting was called to order at 3 o'clock yesterday afternoon, the minutes of the preceding meetings, with those of the County Equalization Board, were read and approved.

The question of a county road from the 4-mile post, on the Castle Haynes road, to Wrightsboro Station was again brought up by Messrs. W. A. Lineker, J. Herbert Johnson, John Quelch and others, all favoring a different route. Mr. Johnson presented the right-of-way for the route as proposed by him, but upon motion no action was taken and the whole matter was referred to the Road Committee with power to act.

Chairman Vollers, of the Public Building Committee, reported the extensive improvements to the county jail completed, an entirely new system of heating and plumbing having been installed. The party wall between the jail and city pound had been rebuilt by the county and bill for half the expense was ordered to be sent to the city.

Upon representation of the owners, the assessment on property of the Ocean View Company was reduced to $10,200.

The superintendent of health reported 109 patients treated in the office during the month, with 10 visits to patients at heir homes. The health of the county institutions was reported to have been unusually good during July. Seven cases of rabies were reported among dogs during the month.

Levi Bryant was granted permission to peddle without license under the Confederate Soldiers' act of 1903.

The report of the recent grand jury was read and discussed at length. Regarding the dangerous crossing on the Castle Haynes road, upon motion of Mr. Divine the matter was referred to the Road Committee with instructions to take the matter up with the Coast Line officials and endeavor to have a regulation gate placed there. As to Seventeenth street, which is now occupied by the Consolidated tracks, Mr. Divine suggested that the county join the city in permanently improving the extension of Dock street, which was in a straight line and would elminate the danger at Seventeenth and Market streets. This matter was also referred to the road committee.. Steps were also taken to improve conditions at the County Home in line with the suggestions of the jury.

The superintendent of the County Home reported 34 convicts during July, and 14 inmates, three white and 11 colored.

The Register of Deeds reported 41 marriage licenses during the month. The Clerk of the Superior Court reported $283,90 in fines and forfeitures since last report.

J. H. Ottoway and R. L. Truelove were granted license to retail liquor at Eleventh and Market streets; also W. M. Troutman & Co., to operate a 22-bushel grain distillery at Ninth and Cape Fear streets.

Action of the conference Saturday in reducing the tax rate from 35 to 30 cents for county purposes and the same license tax for the county as is specifically imposed for State purposes, with $2.19 poll tax for State and county, was formally adopted.

The superintendent of roads reported the work of grading and filling in on the Greenvill road from the station to the old military road as completed; fill at Purviance creek put in; laying of spur track from 17th and Princess streets completed; hands summoned on all roads in Cape Fear township and all now in good condition; collected $114 road tax in Cape Fear township during the month.

Contract for feeding county live stock was awarded to the B. F. Mitchell Company at $25 per ton for hay, corn at 78 cents per bushel and 58 cents for golden oats.

The Board took a recess at 5 o'clock until 8 o'clock in the evening.

—Lumina was thronged with visitors last night as well as many "home folks" who were down for the dance. Pretty fans were distributed as souvenirs, these adding quite a little to the fantastic setting of the ball room floor.

BOARD OF ALDERMEN

Many Matters of More or Less Importance Taken Up at Meeting Last Night.

THE STREETS AND DRAINAGE

Petitions Heard From Many Complainants—Junk License Granted to M. May—Reports From Various City Departments.

The regular monthly meeting of the Board of Aldermen last night was not specially interesting, though a number of rather important questions were considered. Mayor Springer was in the chair and members present were Aldermen Karr, Rathjen, O'Brien, Wood, Northrop, Ellis, French, King and Jewell. The record was kept by Col. C. H. White in the absence of City Clerk and Treasurer Fowler. The minutes of preceding meetings having been read and approved the regular order of business was taken up.

Mr. W. M. Cumming was first heard with reference to grade of sidewalks on Dawson street, where the level of the street has been raised and five houses belonging to Mr. Cumming have been endangered by overflows of water.

On these and two other trifling matters brought up by Mr. Cumming, nearly half an hour was consumed by the Board. Mr. Cumming, for one thing, wanted curbing placed on south side of Church between Fifth and Sixth streets. Mr. French moved that the whole matter be referred to the Streets and Wharves Committee, and to the Sanitary Committee as to drainage, with power to act. Herbert McClammy, Esq., spoke in regard to the Church street depression and drainage, and asked that the matter be referred to the City Engineer for report and immediate action. A statement of sanitary conditions at the place in question was read from Dr. S. E. Koonce, the main trouble being the overflow of a pipe, with every downpour of rain. Alderman Ellis, chairman of the Sanitary Committee, made his maiden speech on this question and created a decidedly favorable impression. He said the Sanitary Committee already had all its forces concentrated on this work, and would remedy the situation as soon as possible. The motion referring these matters to committees with power to act was carried.

Mr. J. S. Funchess was introduced and spoke of the need of some drainage at Ninth and Dock streets. This matter was discussed at length during which the great need of drainage all over the city was emphasized. Mr. Wood made a motion that an additional $1,000 be appropriated for drainage pipe, the $3,000 included in the budget at the beginning of the new fiscal year being about exhausted on existing projects now being carried out by the Sanitary Committee. Mr. Northrop amended Mr. Wood's motion, making the amount $5.00 for the present, or so much thereof as is necessary, for work in and about Ninth and Dock streets. The amendment was accepted by Mr. Wood, but was lost. Mr. King then made a motion that $1,500 be appropriated, seconded by Mr. Karr. Mr. Wood amended the motion, naming $1,000 as the amount. There was a tie vote, as between the amendment and the original motion, and the Mayor broke the tie for the amendment, carrying the appropriation of $1,000.

Mr. Cumming addressed the Board further in regard to Surry, between Queen and Wooster streets. Referred to Sanitary Committee.

Mr. W. A. Willson, Jr., addressed the Board with reference to drainage at Tenth and Market streets, stating that there was now a case of typhoid fever in that immediate vicinity, caused from sewerage and overflow conditions. Referred to Streets and Wharves Committee.

Alderman O'Brien in the absence of Chairman Bolles, of the Finance Committee, recommended that the tax ordinance be changed to include all power saw mills instead of steam saw mills as specified heretofore.

Chairman Ellis, of the Sanitary Committee, made an exhaustive report of the drainage work done during the month, both permanent and temporary. The sanitary condition of the city was reported not as good as should be, and the committee suggested to the contractors that extra help be employed for the remainder of the Summer. Mr. Karr brought up the question of the sale of the city mules now being temporarily used by the contractors. Mr. Ellis moved that the contractors be given a few days notice; that the stock then be turned over to the Streets and Wharves Committee and, if desirable, to sell them, after notice of 30 days, as suggested as legal notice by the City Attorney. Mr. O'Brien spoke of conditions in the Streets and Wharves Department, saying rock could be hauled cheaper by contract than with city teams. Mr. Karr favored continuing the arrangements with the contractors for use of the city live stock, subject to notice of two days. Mr. French moved as a substitute for the whole that the mules now in the hands of the contractors be sold at public auction after 30 days notice, the stock to remain in charge of the contractors until day of sale, contractors to keep mules and carts and pay something for hire. Fifty cents per day was named as a possible rental, but a motion by Mr. O'Brien finally prevailed that all arrangements with the contractors be referred for adjustment to the Sanitary Committee, which is empowered to advertise the stock for sale after 30 days notice.

Chairman Rathjen, of the Market Committee, reported that three bids had been received for building the consolidated fire and market house at Fourth and Campbell streets, but none was in the limit of the appropriation and the committee was empowered to go before the Board of Audit and Finance and endeavor to get a small increase of the amount specified, if found necessary.

Mr. French read a petition from the proprietors of several country carts, asking that the regulations requiring vegetable carts to station themselves on Dock street, be changed and the Board to make Second street, between Market and Dock, the place where vegetables may be sold from carts. The matter was referred to the Market Committee with power to act.

Chairman Northrop, of the Light Committee, reported that the arc lamps for the west side of the river and on Queen street, had been ordered. Alderman Karr asked for lights at Fourth and Ashe, Second and Cowan streets, and Seventh and Bladen streets. Alderman Northrop also asked for gas lamps at Ninth and Meadow streets and in Blaney's alley. These were recommended by the Light Committee and the recommendations were adopted.

Bids for cart harness were read from C. W. Mills & Co., and City Livery Company, the award being to the last named.

A communication was read from Hall & Pearsall, Inc., with reference to change of side tracks at their new store on Nutt street. Upon recommendation of the Streets and Wharves Committee, the permission asked was granted.

The general situation as to streets was treated in a communication from the Independent Ice Company. Re-

WELCOME FIREMEN!

Wilmington Rapidly Filling Up With Men and Apparatus For Tournament.

ATTENDANCE VERY LARGE

Convention Sessions Will Be Held Today, With Races Tomorrow—Some of the Departments Here and Some Notes.

Wilmington extends a most cordial welcome to the hundreds of firemen and the hundreds of visitors from all parts of the State of North Carolina and from adjoining States who are here for the twentieth annual convention of the State Firemen's Association and Inter-State Tournament, Tuesday, Wednesday, Thursday and Friday of this week. The gallant firemen and the visitors attracted by their great meeting, the largest in the State this year, arrived on every train yesterday and last night until the streets are now lined with the jolly young fellows and their friends, whom it is a great pleasure for the people of the Cape Fear to welcome in their midst. It was estimated last night that between 35 and 40 companies were represented, while others are yet to come. Nearly every company has from one to half a dozen fine horses and from one to half a dozen pieces of apparatus, so that it is seen already that the tournament this year is going to be "the greatest ever."

While none of the races take place until tomorrow, the convention sessions today in the handsomely appointed lodge room of the Red Men's building, on North Front street, near the Coast Line depot, will be the centre of attraction and the business of the gathering will all be cleared from the calendar so that the remainder of the week may be devoted to breaking world's records—and there is no doubt about the latter, for the men are here with a record of doing such things before and they are in finer fettle now than ever before. The Red Men's building is headquarters for the firemen and the club and reception rooms of the pretty building were thronged with visitors all day yesterday. Captain James D. McNeill, of Fayetteville, president of both the State and National organizations of firemen, reached the city Sunday evening and will be here to call the first session of the convention to order at 11 o'clock this morning. Prayer will be offered by Rev. R. W. Hogue, rector of St. James' Episcopal parish, and the address of welcome to the convention will be by Mayor William E. Springer. The response will be by Hon. Locke Craig, of Asheville, whom Wilmington is always pleased to welcome for the service he has done to the city and to the party. When these preliminaries are over, the regular order of business will be taken up until about noon when adjournment will be taken for dinner. At 4 o'clock the delegates will be taken for a complimentary trolley ride to the beach on special suburban cars chartered for the purpose, returning to the city in time for another business session beginning at 8 o'clock at night. At this meeting the election of officers will take place and the selection of next place of meeting will probably be taken up and disposed of.

The tournament will be inaugurated Wednesday morning at 9 o'clock with the street parade which will form at the City Hall, Third and Princess streets, passing down Third to Red Cross, down Red Cross to Front, up

A SAGACIOUS DARK HORSE.

It is pretty well conceded that Governor John A. Johnson, of Minnesota, was the strong dark horse which Col. Watterson, of the Louisville Courier-Journal suggested for the Democratic Presidential nomination next year. A whole lot of editors and political seers agree that Governor Johnson is a strong man, and among the eminent newspapers of the country to place a proper estmate upon the Minnesota gentleman is the Washington Post. Says the Post:

"This Gov. Johnson, supposed to be the 'dark horse' Col. Henry Watterson had in mind when he appealed to Col. William J. Bryan to play Warwick, appears to be a man of very considerable political sagacity. In an interview some days ago he expressed his opinions of men and things with a frankness that very nearly amounted to bluntness. Among other things he delivered himself of this: 'It seems to me that the slogan of the Democratic party in the next campaign and in every sceeding campaign until the question is settled, should be a revision of the tariff, and he adds that by revision he means 'a most thorough revision.'

"The Democratic party gained decisive victories on that very issue in 1882, in 1890, and in 1902. In 1888 it lost on that issue by the narrowest of margins—only battle it has lost since the war when the tariff was paramount. And the woods are full of Democrats who think that tariff reform is the only issue that the Democratic party can tender in 1908 with the slightest hope of success. Indeed, there are plenty of observing Democrats who think their party had the Sixtieth Congress as good as gained when a certain eloquent orator threw into the balance the fad of government ownership.

"Of and concerning that propaganda, Gov. Johnson says: 'I believe the government should do no business that can be done as well, or better, by private individuals, and I do not think the time has yet arrived when there should be even a suggestion of government ownership of railroads,' and in that declaration Gov. Johnson is in accord with more than 90 per cent. of those members of the Democratic party who have the faintest conception of the principles of the party of Jefferson, Jackson, and Tilden.

"Gov. Johnson expresses a personal affection and unfeigned admiration for Mr. Bryan, but he is doubtful of the wisdom of his leadership and frankly says: 'I fear Mr. Bryan has too many isms to win the election.' He adds that if the Republicans should nominate a weak ticket—not a Republican custom, by the way—he thinks the Democrats could win with Judge George Gray heading their ticket.

"Gov. Johnson expressed these views before the more or less abject recantation of Mr. Bryan, which is tantatmount to the formal announcement of his candidature for a third nomination. With Mr. Bryan actively in the field, he will be a brave man, that would contest the primacy with him. But there is a heap of plain sense in what Gov. Johnson says."

Governor Johnson has a good eye when he picks out Judge Gray for good Presidential timber, but it must be noticed that every time Governor Johnson speaks he adds to his own availability. He could not speak of Judge Gray's ability and fitness for President without drawing from a great paper like the Post a compliment for his sagacity.

As the Star has heretofore declared, the Democratic party does not lack Presidential timber, but has plenty of it. The question is to get the right man nominated on a platform that will not make him week at the knees.

THE INLAND WATERWAY.

The Norfolk Landmark of Sunday says:

"Congressman John H. Small, of the First North Carolina District, continues indefatigable in his efforts to promote the Inland Waterway, the great conception which has been the glory of his political career. In the August number of The World's Work appears a compact article by Mr. Small descriptive of the great canal which is to connect the Chesapeake with the Atlantic Ocean south of Hatteras. Accompanying the article is a full-page map, which furnishes an ocular demonstration. Mr. Small is performng a great servce to his State and Nation. Nothing can stop the work which he has begun."

What Mr. Small undertakes he does thoroughly and he is so conversant with the Inland Waterway project that he is better prepared than any one else to speak and write of it. He believes in it and its completion, we are sure, will warrant the most extravagant anticipations of it by Mr. Small and those who believe with him in the great enterprise.

Mr. Small has become one of the best posted men in this country on the question of navigation. He knows what the purposes of river and harbor improvement are aimed to accomplish, and he is doing as much as any member in Congress to have this important matter placed before the country in the light which the magnitude of its importance warrants.

ALUMINUM CHEAPER.

The trades papers of the country tell us that although the cost of extracting aluminum by electrolysis has been reduced from $8 to less than 40 cents a pound, there is a "long-felt want" for a cheaper process. According to a London journal, that want is now met by a method which will make vast deposits of clay a source of boundless wealth and utility. In brief, the new process is this: "Obtain aluminum carbide by heating kaolin and carbon in an electric furnace. Then heat the aluminum carbide with alumia (oxide of aluminum), whch will yield carbonic acid gas and pure metal."

Now you know how to do it, go at it. It is said that some of the greatest clay deposits of the country are to be found in North Carolina.

CURRENT COMMENT.

—Speaker Cannon's declaration that he cannot be a candidate for President will be merely regarded as a slight recoil by his enthusiastic boomers.—Washington Post.

Scientists claim that women need more sleep than men, but the average woman, would rather lose some sleep than lose the chance to lecture her husband when he comes home late.—Washington Post

—Greensboro is to have a fifty thousand dollar Y M. C. A. building. One generous man starts the ball with a $5,000 subscription but at present withholds his name.—Raleigh News and Observer.

—"What does President Roosevelt think of the 'undesirable jury' at Boise, Idaho?" asks the Wilmington N. C.) Star. If Editor Bernard really desires an answer to this query, he ought to send a stamped and addressed envelope to Oyster Bay and he should see that the envelope is made of asbestos.—Washington Post.

—Now possible to go all the way from New York city to Lewiston, Me., by trolley, the final gap between Kennebuk and New Beach, Me., having been completed the last week. It is strange some attention has not been given to a trolley line between New York city and Albany. With the building of this it would not be long until there would be continuous trolley passage between the metropolis and Chicago. Mohawk Valley lines run to within a few miles of upper Hudson lines; Syracuse, Rochester and Buffalo are practically connected; construction is going on between Buffalo and Erie, Pa., and west of Erie there are few gaps to Chicago.—Newburg News.

—The Haywood verdict is a great defeat for socialism in this country. The law, against which Socialism wars, has been appealed to, in the good old American fashion. An American fashion. An American judge has delivered a fair charge. An American jury has returned a verdict, not in accordance with "plutocratic dictation, but in accordance with the dictates of the consciences of the jurymen, as influenced by the evidence presented to them. Haywood goes free, but Scialism is revealed for what it is—a menace to the peace and prosperity of both "the classes and the masses." Until the Western Miners' Federation is freed from the taint of Socialism it will be looked upon with suspicion.—Binghampton Press (Ind.)

There were pains all over me and I could not tell where they were to strike me. I used liniments and lots of remedies, but nothing did me any permanent good until I procured Doan's Kidney Pills at Bellamy's drug store and used them. MRS. ADA JOHNSTON DEAD.

Good Woman Entered Into Rest at Cronly, N. C.

(Special Star Correspondence.)

Clarkton, N. C., Aug. 5.—Mrs. Ada L. Johnston, wife of J. M. Johnston, and mother of the editor of The Express, died suddenly of heart failure in Clarkton last Thursday morning. She was walking along the street, apparently in good health, and fell face forward. She never breathed after falling.

Mrs. Johnston was 53 years old, and was loved by all who knew her for her beautiful Christian character. She was a member of the Presbyterian Church. She leaves an afflicted husband, five daughters and one son.

LOCAL DOTS.

—Road Superintendent Hocutt returned last night from Clinton bringing with him Eugene Hayes, an escaped convict who has yet two months of a four months sentence to serve on the county roads.

—By deeds filed for record yesterday: L. P. Berry and wife transferred to Mary C. Hall for $700, property on east side of Eighth street, 132 feet South of Campbell street, 17x102 feet in size, more or less.

—The Baltimore steamer was in port yesterday and cleared in the evening for Charleston, S. C., and Georgetown. The Standard Oil barge cleared during the afternoon in tow of the tug Standard.

—Licenses was issued yesterday for the marriage of Mr. Richard Moore, of Wilmington, a son of Mr. and Mrs. T. W. Moore, of Pleasant Hill, N. C. to Miss Eunice Shepard, daughter of Mr. and Mrs. I. T. Shepard, of Topsail Sound.

—A street car dashed into the delivery wagon of the Eagle Steam Laundry nearly in front of The Orton yesterday afternoon about 6 o'clock, breaking the whiffle tree and disarranging the shafts. No damage was done to the occupants of the wagon.

—An ice cream supper will be held at the home of Mrs. J. L. Middleton, 811 North Fourth street, tonight from 7 to 11 o'clock for the benefit of a fund to purchase a new carpet for Bladen Street Church. The public is cordially invited to attend.

—Messrs. Sol Bear & Company offer for rent the most desirably located store just vacated by the Seaboard Air Line on Princess street. It is just at the car junction of all lines, is in fine repair and will be offered at a reasonable rental. See advertisement elsewhere in today's paper.

—The cars now arriving at Front and Princess streets are appropriately marked so that he "who runs may read." Elsewhere in today's paper will be found an advertisement of the Consolidated Company, giving directions how cars should be boarded for and part of the city and especially for the tournament races, etc.

—Gordon Sarvis, a young white man was committed to jail by Justice Furlong yesterday charged with violation of the new act of the Legislature, making the temporary use of a horse and buggy larceny. It is alleged that young Sarvis took a turn out of the City Livery Co., from the streets Friday night and used it without authority. He will be given preliminary trial this morning at 10 o'clock. His bond was placed at $100 in default of which he was locked up until today.

POLICE COURT YESTERDAY.

Several to the Roads and Others Let Off With the Costs.

Twenty penitents occupied reserved seats in the police court yesterday when the curtain rang up on the Mayor's Monday matinee. His Honor was not in the worst of humor and the punishment administered in most of the cases was merely nominal.

Ed. Herring, L. Herring, John Turner and Walter Melton, charged with holding high carnival on Kidder's Hill Sunday morning, were introduced by Officer E. L. Smith. The three first named were let off with the costs and warned. Melton was found not guilty and discharged.

H. C. Coleman, from somewhere, forfeited a $10 bond for a plain drunk. Rachel Roberts, dunk and down, was given 30 days on the farm and will assist in raising vegetables for Superintendent Hardee. Fred Bennett, drunk, was given 30 days on the rock pile. R. G. Jenkins, white, a tourist from the South, was charged with vagrancy and was given 30 days on the rock pile. Kerry Johnson and Fannie Johnson, a colored couple, were fined $5 and costs each for an affray. The other cases yesterday were hardly worth reporting.

SPECIAL SALE AT SHRIER'S

Big Clothing and Gents' Furnishings Event Begins This Morning.

Having satisfactorily adjusted all insurance matters in connection with the fire in the building on Friday, the "old reliable" clothing and gents' furnishing establishment of I. Shrier, northeast corner of Front and Princess streets, "Sign of the Golden Arm," announces that beginning this morning they will inauguarate a big sale of all damaged goods. The sale will last for ten days and many goods only slightly damaged will be placed on the counters at prices without regard to cost. Mr. Shirer has decided to make prices that will close out the entire stock by the time of the arrival of an entirely new stock which has been purchased for the Fall and Winter and the bargain seeker would do well to call at once and get first choice of the splendid offerings that will be made.

Many of the goods in the stock were not damaged in the slightest and these will go with the rest to make room. It is a great sale and one the public will not be slow to take advantage of. Elsewhere in today's paper will be found an announcement by the firm to the public.

TO MEET TRAFFIC MANAGERS

Date Set For Conference With Governor Glenn and Commission.

(Special Star Telegram.)

Raleigh, N. C., August 5.—August 9th is the day set for the conference between Governor Glenn, the Corporation Commission and the traffic managers of the Southern, A. C. L. and Seaboard Air Line and other railroad companies with a view to eliminating discriminations against North Carolina towns as compared with "Virgina cities" in long hauls from the general North and West. This is also the date fixed some days ago by the Corporation Commission for the traffic managers of the Norfolk and Western to show cause why that road should not be required to deliver freight to Winston-Salem and Durham at rates on the equitable basis as compared with the rates to "Virginia cities," this being the opening wedge for proceeding against the other companies.

BOARD OF ALDERMEN

(Continued from first page.)

ferred to Streets and Wharves Committee.

Lieut. H. M. Chase, commanding the Wilmington Division of Naval Reserves, asked privilege of renting the foot of Ann or Nun street for the purpose of docking the large 12-oared cutter recently assigned to the Dvision by the War Department. Referred to Streets and Wharves Committee.

Petition from citizens asking that Second and Marstellar street be opened was referred to the City Attorney.

Chairman O'Brien reported various sections of the city in bad condition as the result of the heavy rains. These matters were left with the Streets & Wharves Committee. The committee was granted further time on the question of marking the streets, and the matter of requiring all houses to be numbered was referred to the Ordinance Committee. Repairs to Fourth Street Bridge and the matter of an iron bridge over the Carolina Central tracks on Fourth street were referred to the Streets and Wharves Committee. Bill of $37.50 for repairs to the buggy of the Superintendent of Streets was recommended to the Board of Audit and Finance for payment. Motion to restore the salary of a foreman of street work at $2 per week was carried.

Chairman French, of the Police Committee, reported the resignations of officers J. H. Ottoway and R. L. Truelove.

Chairman Wood, of the Water Committee, reported progress as to the investigation of the municipal proposition and he was granted an additional appropriation of $100 to prosecute the work.

Upon report of the Fire Committee award of contract to R. H. Brady for the Fourth street fire station at $7,500 was approved. The sale of the property on Dock street at $4,050 to Herbert McClammy, Esq., was confirmed, subject to conditions named in the advertisement. Chairman French, of the committee, adverted to the Fire Tournament and expressed welcome to the visitors. Chairman French recommended that the bells of the Fire Department be dispensed with. The matter was continued until the next regular meeting.

Chairman Jewel, of the Public Building Committee, reported improvements to the Mayor's office and the change of arrangements as to janitors at the Police Station. The recommendations of the committee were adopted.

Petition from the Wilmington Suburban Company, for grading on Third, between Wright and Meares streets, so that building can be commenced, was referred to the Streets and Wharves Committee.

M. May renewed his petition for license as a junk dealer. Thos. K. Woody, Esq., appeared for May and strongly urged that the license be granted. Alderman King spoke heatedly in favor of the restriction of any man's privilege of doing business. City Attorney Bellamy explained the recent case against the Mays in the Superior Court. A motion not to grant the license resulted in a tie vote, Mr. O'Brien not voting. Before the vote was announced, Mr. O'Brien asked to be recorded in favor of the license and it was granted.

Petition of H. McClammy in regard to horse dealers' tax erroneously paid by F. T. Mills, was referred to the Finance Committee and City Attorney for investigation and report.

Various and sundry communcations from the Board of Audit and Finance were read for information.

The formal tender of seven acres of land in Carolina Heights for use as a park was made through Rev. R. W. Hogue, of the Citizens Committee. The matter was referred to the Streets and Wharves Committee.

The monthly reports of all Department officials were read and ordered on file. That of the Chief of Police shows 179 arrests during July, of which 15 cases were sent to the roads and 31 to the county farm. Total amount collected $354.05.

The City Clerk and Treasurer reported balance on hand July 1st, $12,252.77; collections during the month, $19,709.10; total, including balance, $31,961.87. Disbursements, $12,101.05. Balance to August account, $19,860.82.

Building Permits.

The following building permits were issued yesterday: A. S. Winstead, five-room dwelling, one-story, to cost $400, in Cleveland avenue. John Holmes, six-room dwelling to cost $800, in Love's alley, between Taylor and Howard streets. James F. Woolvin, two-story store building, stone front, to cost $3,500, Princess between Second and Third streets, Porter & Matthews, contractors. W. R. Slocumb, two two-story dwellings to cost $1,250 each, on Queen between Front and Second streets, Silvia & Co., contractors. Ed. Boushee, six-room dwelling to cost $600, on Seaside avenue, W. J. Spooner, contractor.

Complimentary Launch Party.

A delightful launch party was given last night complimentary to a number of visiting young ladies. Those who composed the party were Misses Claudie and Mamie Johnson, Atlanta, Ga.; Miss Lou McIver, Spartanburg, S. C.; Misses Mallie Houston, Myrtle Beasselieu, Custys Meredith, Mary Houston, Messrs. W. A. McGirt, J. M. Fletcher, Bryan Newkirk, Ben Thees, Lacy King, Ben Houston, William King, Pat Gerken, Nat Cromartie, Mr. and Mrs. James S. Williams, the last named being the chaperones. The young people spent a delightful time, the memory of which will linger long very pleasantly with them.

—Mrs. C. L. Taylor and children are visiting Mrs. Taylor's father, Mr. J. L. Allen, in Fayetteville.

HOMICIDE AT WAYNESVILLE.

Doorkeeper of Skating Rink Shot and Killed.

(By Wire to The Morning Star.)

Asheville, N. C., August 5.—R. G. Carter aged 29, doorkeeper at the Waynesville skating rink, Waynesville, was shot and killed tonight by Theodore Davis. The shooting was the outcome of a quarrel concerning the admission to the rink of one of Davis' friends. Davis was arrested.

Leon Maille, the naval reservist who fired two revolver shots at President Fallieres on the streets of Paris, July 14 last, was yesterday at Paris declared to be insane and was sent to an asylum.

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundancy.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Front to Orange, up Orange to Third, down Third to Nun, thence to Fifth, from Fifth to Brunswick street, down Brunswick to Fourth, down Fourth to Chestnut and thence to the point of starting. This parade will be the finest showing of apparatus and horses ever seen in a similar parade and will be witnessed by thousands. There are several automobiles to enter for the prizes offered in this section of the parade. The parade will be led by the Salem and Fort Caswell bands, both of whom are here and capable of discoursing the sweetest music.

Immediately after the parade is over on Wednesday morning the engine contests will take place at foot of Market street. This will conclude the morning events and at 2:30 P. M. the horse hose wagon contests will take place at Fifth and Bladen streets, on a very fast course along which has been erected a grandstand capable of seating thousands. At night a Firemen's Ball will be given at Lumina and a bowling tournament will be given at the same place for prizes of $25, $15 and $5. respectively. This tournament will be between teams of four men each from any department.

Thursday the hand reel races will take place at Fifth and Bladen at 9 A. M. Then in the afternoon at 2:30 the grab reel races will be pulled off with the hook and ladder contest at 5 o'clock. At 8 o'clock the visitors will board the steamer Wilmington at foot of Market street for another dance in compliment to the visitors at Carolina Beach. There will also be a bowling tournament there for prizes to be announced the night of the event.

Friday will be Inter-State Day, the hand reel races being scheduled for 9 A. M. with horse hose wogan contests at 2:30 P. M. The grab reel races will take place at 11 A. M. of the same day. At 9 P. e Company, of Goldsoldsboro Company No. 1 Winston Company are here od shape and are stopping at the nial Inn. They have a fine lot of ratus and are "out for the coin." e two grays which the Asheville men brought along are among the prettiest animals seen on the streets. They have been practiced well and made some fine trials on the course with Newbern and Durham yesterday afternoon. J. M. Patton and C. W. Lindsey will drive in the hose wagon contests and Gilliland Stickleather, one of the best whips in the State, will handle the reins for the hook and ladder.

Col. A. L. Smith, chairman of the fire committee, of Charlotte, and several members of the Queen City department are here for the convention. Chief W. S. Orr, a gallant fire fighter, was unable to come and his assistant chief has to be ready to go to Morehead City with the State Guard.

The Salem Band, its members being descendants of this famous organization founded by the Moravians in the Twin-City, are here in good shape, and show up well in their bright new uniforms. The instrumentation of the band is as follows: D. L. Rights, clarinet; John D. Stockton, Clyde L. Rights, Willie Vogler, William Ellis and Clarence Lineback, cornets; Clarks Starbuck and William Miller, altos; Eugene and Herbert Vogler, tenor trombones; William Wellfare and Ollie Peddicord, trombones; Samuel Brewer, trombone; Fred Crist and Wm. Dugan, baritones; Irwin Porter, bass; Charles Vogler and Clarence Ledford, tubas; Robert Ormsby, bass drum and cymbals; Glen Woolen, snare drum.

Messrs. W. B. Lynch and J. L. Thacker are here to represent the Eagle Hose Company No. 7, of Greensboro.

The Atlantic Fire Company, of Newbern, is here with a brand new hose wagon, white with gold trimmings and ball bearings. The Atlantic will contest only in the hose wagon races. The team is composed as follows: Buttman, Samuel Coward; Wrenchman, Ephriam Brinson or Fred Thomas; Slack Pullers, Jos. H. Nelson and Matthew Hall; Nozzleman, Edwin Richardson; Coupling breaker, William Dowdy; Driver, Fred Scott. Ephriam Brinson and Eugene Williams are representatives to the State Firemen's convention and Samuel Coward and Fred Thomas are alternates.

The Durham Department is well represented and will have a larger representation today upon the arrival of an excursion from the Tobacco City. The excursion will get here at 1 o'clock this afternoon and leave at 5 o'clock tomorrow afternoon. The company and racing teams are already here with two horses, "Dixie" and "Frank." "Dixie", the fine gray was injured in practice some time ago and the second horse was brought along. The running team is made up as follows: Captain F. W. Denny, B. W. Brown, J. E. Cagle, S. A. Crabtree, V. S. Christian, C. A. Wicker, J. N. Moore, C. H. Turner, with the colored groomsman, Robert Ruffin, colored. Others from Durham here for the meet are Messrs. C. H. Norton, W. F. Freeland, W. J. Christian, Jr., G. K. Albright and Alf Shelburn.

Elizabeth City sent its apparatus around by Newbern and is here in good shape after a stop-over Sunday There are three of the horses, iron grays, fine specimen's of horseflesh.

Mr. Charles J. Suydam, of Edenton, arrived yesterday and is a delegate to the convention.

The racing team of the Fayetteville company arrived last night and is as follows: Theron Blackburn, driver; Ira Black, buttman; A. M. Hollingsworth, nozzleman; W. C. Holland, Jr., coupling-breaker; D. H. Maultsby, slack-puller; E. L. Pool, wrenchman and captain.

The Raleigh Fire Department is here in the best of condition in spite of a wreck of the train which was bringing its apparatus to the tourney. The capital city boys have a fine record behind them. The Rescue hose team made a new world record last year at Asheville by running 250 yards to a hydrant, laying 288 feet of hose and showing water in 28 seconds. The W. R. Womble hook and ladder team also made a world record in 1906 by making 200 yards from a standing start, sending a man to the top of a ladder and replacing the ladder on the truck in 44 4-5 seconds. Chief Frank B. Simpson is along with the companies as is also Assistant Chief L. H. Lumsden, Statistician of the State Association. The teams from the Raleigh companies are as follows: Rescue Hose. Gordon Harris, Wallai, Simpson, Seymour Johnson, Seymour Doolittle, Sherwood Brockwell, W. C. Harris. The driver is J. A. Hinnant, and "Bill," the horse with the world's record will be used.

Capital Hose—Charles D. Farmer, Cellie Pool, Augustus Hilker, Herbert Pulley, Ernest Hill, Archie Doolittle, Fred Hilker, Henry Carver. The driver is Bud Pool.

W. L. Womble Hook and Ladder—Edgar Peebles, foreman; John Wynne, Pallie Mangum, John Watson, Josh Billings, Joe Horton, William Horton.

L. A. Mahler Steamer—W. H. Brewer, C. D. Farmer, C. D. Heartt, Henry Allen, George Hall, George E. Badger, Eugene McDonald and S. L. Johnson, chief.

The Concord Department reached the city Saturday night and pitched tents at Sixth and Red Cross streets. They have a fine team and their "camp" was visited by many yesterday and the day before. Louisburg, Statesville, Monroe and Morganton are also represented at the tournament with a fine looking body of men. The Oxford company is camping at Summer Rest, on the Sound, while several of the other companies have headquarters on the beach.

KILLED WOMEN AND CHILDREN

Shocking Atrocities by Turkish Troops in Persia.

(By Wire to The Morning Star.)

Tehean, Persia, August 5.—The incursions of Turkish troops across the Northwest frontier of Persia, which for some time had been in abeyance, have again broken out. A serious raid has occurred near Urumiah, 6,000 Turkish troops with artillery having crossed the frontier and destroyed the village of Mavaneh. Seventy-eight villagers, of whom sixty were women and children, mostly Christians were killed. Urumiah, which has a population estimated at between 30,000 and 50,000 including many Christians, is noted as a center of missionary activity and is the seat of the Fiske Seminary for girls of the Urumiah college.

Albert A. Little of the firm of Stephen Little & Sons, of New York city, was yesterday appointed auditor of the Jamestown Exposition, to succeed Barton Myers, resigned. W. H. Hilton has been appointed assistant auditor to succeed H. M. May, also resigned.

An Amateur Thief.

[Original.]

Two friends, Wallace Yost and Clinton Palmer, were discussing the blunders made by criminals in covering their tracks. Yost was speaking.

"I tell you the criminal from the moment he becomes a criminal has not a normal control of his faculties."

"He should have a far keener control of them than before. Had I committed a crime my faculties would be sharp as a razor."

"I should like to have that statement tested."

"It is possible. Make it worth my while, and I will commit a crime."

"What do you mean?"

Palmer thought awhile before replying. "I will bet you $1,000 to $10,000 that I can steal $10,000 and not be detected for, say, a year. I will take the money from the safe of my employer, to which I and others have access. The money can be returned anonymously at the end of the year with interest."

"The conditions will not be criminal. If you are arrested, I can come forward and claim that it is merely a wager."

"That would not be evidence. Any thief could get some friend to put in such a claim for him."

"I believe you're right. So far as being considered a criminal is concerned, there would be no hope for you."

The bet was made, and Palmer the next day during business hours, while the office was crowded, walked deliberately into the safe, which stood open, put a package of bills in his side coat pocket, went and sat down at his desk, remained there till the hour of closing, then went out in company with a member of the firm. Going to his room, he sat down to think over what he should do with the money. His brain was clear, and he was pleased to discover that he had perfect control of his faculties. There had been so many people in the office at the time the money was taken, the safe standing open the while, that there was no reason why he should be suspected any more than others. Nevertheless all the office force would be placed under surveillance. A detective would be employed, whose eye would be open to the slightest clew. Palmer's room might be searched when he was absent, so he couldn't leave the money there. He dared not keep it on his person. He dared not put it in bank. He must get rid of it.

Here was a risk that he was forced to take. If he were seen hiding the money, if it were discovered in any place that would incriminate him, the game would be up. However, he believed that the risk would be infinitesimal, and he spent several hours making plans for the disposition of the funds. The theft had not been discovered before the closing hours of business and could not possibly be discovered till the beginning of business hours the next day. He could certainly not be watched till then, if at all. After dinner he went to his grandmother's, who lived a few miles out in the country, and when it was dark and no one noticed him he strolled back of the house. Taking a spade from the barn, he went a few hundred yards to a wood. There under a tree he knew well—he had often climbed it when a boy—he buried the bills in a cigar box.

He felt now that the rest would be easy. He would go to the office, as usual, in the morning feeling sure that the theft could not be traced to him. All he had to do was to act naturally.

He slept fairly well and at 9 o'clock in the morning entered the office. The employees were coming in, and one of the partners, Mr. Knox, was already there. Palmer cast a quick glance about him and saw that all was as usual. He sat down at his desk and tried to lose himself in his work. But he couldn't. He dreaded the moment when the money would be missed. Then he began to wish the discovery would be made and his suspense ended. About 11 o'clock the cashier went into the safe and soon returned with a serious look on his face. Going to the head of the firm, Mr. Devlin, he whispered something in his ear. The gentleman arose and went to the safe with the cashier. Both entered, and both came out together, the head of the firm taking in with a searching glance every man in the office.

Palmer's heart was beating like a kettledrum, and he felt the blood leaving his face. Should he look at his employer or keep his eyes on his work? He had wit enough left to choose the latter course, but he felt that the eye of his employer was on him, and to look unconcerned was out of the question.

"Mr. Palmer, will you step into my private office?"

Palmer knew that the first part of his game had gone against him, but he was plucky. Indeed, he had to be plucky and nerved himself for a struggle as to the remaining part. He denied any knowledge of the theft and explained his pallor on the ground that he was not well. Mr. Devlin pretended at least to be convinced of his innocence and sent him back to work.

That's the last Palmer heard of the matter. He could have borne the strain better had he heard more. For weeks he endured the tortures of the damned and when he could endure it no longer went to his aunt's, dug up the money and, going to Mr. Devlin, laid it on his desk.

Palmer, having returned the money, was not prosecuted. The circumstances of the bet were given out, but made little impression. Palmer went forth with the mark of Cain upon him and died in a few years of the obloquy under which he lived.

SPIRITS TURPENTINE

—Scotland Neck, Aug. 4: Some days ago Mr. Balfour Dunn, a prominent farmer living about six miles from town, had the misfortune to lose by fire a barn filled with fine tobacco.

—Watauga Democrat: John H. Mast, of Cove Creek, kept over from last year 44 head of sheep, from which he has sold sheep, lambs and wool to the amount of $542.47. He still has 24 head of the choicest of the flock left. Is that making money or sheep?

—Durham, August 4: John Wilkins, a white man about 35 years of age, was killed on the Oxford and Clarksville track, branch of the Southern road, this morning shortly after eight o'clock. He left a wife and three small children, who live in that section of the city known as Edgemont.

—Gastonia Gazette: The action of the Charlotte city council last Monday night which makes possible the extension of the electric car line to the Catawba river was heard of with pleasure by the people of Gastonia and vicinity. When we shall learn that the company has decided also to extend its lines through to Gastonia our joy will be complete.

—Rocky Mount, N. C., August 3: Mrs. Carrie A. Nation, who has been here ofr two days, left today for Lynchburg, Va., where she will continue her efforts for prohibition. While here she delivered lectures at the opera house, at Oakland Park and in every saloon in town. Her lectures were attended by very good crowds and aroused considerable interest, but not much enthusiasm.

—Charlotte, Aug. 3: Both the Mecklenburg Ginners' Association and the Farmers' Warehouse and Holding Company were successfully organized here today, under the supervision of President C. C. Moore, of the State organization of the Southern Cotton Association. The ginners embrace half those in the county. The capital authorized stock of the warehouse company will be one hundred thousand dollars.

—Raleigh News and Observer: The Farmers' Cotton Storage Warehouse Company and the Cotton Holding Company, two separate and distinct organizations had their formal beginning at a meeting held in the Wake county court house yesterday afternoon when there were present the committees appointed in the various parts of the county for this purpose by President C. C. Moore on his recent canvas. The meeting was presided over by President A. C. Green, of the Wake county division of the Southern 1Cty Association.

—Cherokee Scout: There is a spring away up on what is known as McDonald's Bald, some 4,000 feet high, between the Tellico and Snowbird mountains, that gushes out from jutting rocks and which is never touched by the sun, whose waters are as clear as crystal and as cold as ice. In fact we are told that the temperature of this spring was taken in mid-summer and found to be 45 degrees. Now we are informed on what we consider good authority that on July 19th a man stooped down at this spring to quench his thirst, and on looking up he found icicles hanging from the rock overhead that had been there since last winter.

—Asheville, Aug. 3: The prohibitionists here have gone about their labor in a persistent and determined manner and everything is now in readiness for the presentation to the board of aldermen of petitions for an election. While a sufficient number of signers to insure the calling of an election have been secured. Each name will be carefully checked before the petitions go in, which will probably be next Friday evening. These petitions will ask "that the people of Asheville be allowed to vote on the question of weather there shall be establishes in Asheville open saloons. This may sound a little queer to those people who, for the past 20 years, have been daily up against the open saloon but it is correct, the legal presumption being that where saloons are permitted they are established every six months. The campaign is expected to be very hot.

—Raleigh New and Observer: An old trick has been worked on sundry farmers in Wake county, but fate has overtaken the tricksters who is being brought from Tennessee to Wake county jail. A. B. Carlyle, so the man termed himself, and he was selling quilting frames to farmers in Wake county. In place of selling the frames however, he tried the plan of getting farmers to sign promisory notes in place of contracts to use quilting frames. He tried the game on James Holder, among others, but no sooner had Mr. Holder signed the paper than he found it was a note for $150. Saying it was all right, and dispite the protests of Mr. Holder the quilting frame man put the note in his pocket, jumped in his buggy and drove to Raleigh. Here he discounted the note and got the cash. When the note was presented to Mr. Holder that gentleman went after the agent on a charge of false pretense, but A. B. Carlyle had departed. Steps were taken to catch him and he was located at Chattanooga, Tenn., where he was arrested. A requisition for his return to North Carolina was obtained from Governor Glenn, and Deputy Sheriff J. J. Harward was sent after him. Mr. Holder and the other farmers will now have their innings.

THE COTTON MARKET.

(By Wire to The Morning Star.)

New York, August 5.—The cotton market was not very active during today's trading, but ruled generally steady to firm on reports of dry weather in the Western belt. The market closed steady at a net advance of 9@12 points. Sales were estimated at 250,000.

The market opened steady at unchanged prices to an advance of 3 points on covering by some of Saturday's sellers who were disappointed that the weather map did not show more rain in the Western belt. There was no cables from Liverpool owing to the holiday in that market which opens tomorrow, and this probably curtailed general business to some extent. At and rate trading was quiet and right after the opening prices eased off to a net decline of 1 to 2 points under some local bear presure and realizing but steadied up against shortly afterward on the official forecasts showing no immediate relief from the dry hot weather in Texas, in prospect. Demand became a little more active on the advance with Southewestern interests and Wall street buying and the market was quite firm during the middle of the afternoon when October sold at 12.04 or 14 points net higher. The market closed 3 or 4 points off from the top on active months. Many private wires were received during the day reporting that the condition of the crop in Texas had deterioated during the past week as a result of droughy conditions but crop reports from the Eastern belt seemed to be a little more encouraging.

Receipts at the ports today 1,329 bales against 1,924 last week and 10,414 last year. For the week 10,000 bales against 9,732 last week and 32,300 last year. New Orleans receipts for today 152 against 7,647 last year and Houston receipts 34 against 876 last year.

New York, Aug. 5.—Spot cotton closed steady; middling uplands 13.25; middling gulf 13.50; sales 150 bales.

The Limit of Life.

The most eminent medical scienists are unanimous in the conclusion that the generally accepted limitation of human life is many years below the attainment possible with the advanced knowledge of which the race is now possessed. The critical period, that determines its duration, seems to be between 50 and 60; the proper care of the body during this decade cannot be too strongly urged; carelessness then being strongly urged; careless then being fatal to longlevity. Nature's best helper after 50 is Electric Bitters, the scientific tonic medicine, that revitalizes every organ of the body. Guaranteed by R. R. Bellamy, Druggist. 50 cents.

HARD TIMES SALE AT
Wilmington's Great
Furniture Store.

Hard times seem to strike every place at the same time. Some manufacturers who had large stocks in warehouses, and not many cash orders, came to us a few weeks ago and made special prices for cash. We managed to raise the cash. Both steamers brought goods. One car load came in by rail. We now offer, while they last, Iron Beds, Oak Dressers, amongthe lot some nobby Princess Dressers, Chiffoniers, Wardrobes, Rockers, Sideboards and Center Tables, at real hard-time prices for cash.

OIL MAGNATES MAKING KICK

Claim That Government Has Treated Standard Oil Company Unfairly.

ITS ATTACKS ARE STUDIED

Vice President Archbold Says President is Overstepping Purposes of Law Creating Bureau of Corporations—Oil No Higher.

New York, Aug. 5.—John D. Archbold, vice president of the Standard Oil Company, made a statement today in which he declared that the company was not given an opportunity to be heard or to submit data in the preparation of the report prepared by Commissioner of Corporations Herbert Knox Smith, and made public. Archbold's statement follows:

"On Saturday, August 3, Judge Landis anounced his decision. On Monday, August 5, Mr. Smith's report is given to the public. This remarkable report of Mr. Smith marks another coincidence in the utterances of the different departments of the government in their attacks on us that have occurred so frequently as to rob them of even the appearance of being accidental. In connection with its publication, it may not be amiss to remind the public that the act creating the Bureau of Corporations provides that such reports shall be made to the President for the purpose of guiding him in forming suggestions as to legislation and that they may be made public in whole or in part only in the discretion of the President. It is sufficent now for us to say that in the preparation of his report Mr. Smith did not see fit to even confer with us. We think the public will agree that we are at least entitled to be heard in such a matter. If Mr. Smith had seen fit to confer with us we would have readily furnished him with the data for a truthful statement of the facts on this question."

Charles M. Pratt, secretary of the Standard Oil Company, said today that the company has no intention of advancing the price of oil. Mr. Pratt said:

"The statement attributed to Mr. Chamberlain, of the National Petroleum Association, of Cleveland, that such an advance is to be made, is entirely unwarranted and absolutely unfounded. Mr. Chamberlain, who represents a competitor of this company, is challenged to reveal the source of his misinformation."

MOTHER MURDERED BABES.

She Was Insane and Was Recently From Asylum.

(By Wire to The Morning Star.)

Baltimore, Aug. 5.—The atrocious murder of her two babies by an insane mother thrilled northeast Baltimore today. Madness, which has twice caused her to be confined in an asylum, this morning again took possession of Mrs. Christine Nenadal aged 28 years, the wife of Joseph Nenadal, a woodworker employed in a wagon factory. With the cunning of a mind deranged she laid her plains to put her little ones to sleep——for that is what she believes she has done, and no more. Leaving her little daughter Mary, aged three years, playing in the street, she put the younger of her children, Yaroslov, a year and three months-old, in its carriage and took it to a nearby park. Just what happened there is not known. When the mother returned the little one in the carriage was covered with leaves and small branches,but a neighbor noticed that its face was strangely pale. Mrs. Nenadal took both children into the house and carefully closed all the doors and windows. A little later she went for a friend, Mrs. Victoria Vala, and asked her to come and assist in dressing the children. Returning the two women entered the dining room of the Nenadal home,and there lying on the table, Mrs. Vala was horrified to fine the naked bodies of the two children, both of them having been strangled by their mother. The latter, when the police were summoned, fondled the little bodies and gave them up only when forced to do so. Her one concern now seems to be lest the children be awakened. She repeatedly asks to have them brought to her so that she may guard their slumbers. Mrs. Nenadal was recently taken from an asylum by her husband against the protests of the physicians in charge.

FURNITURE TRUST IS BUSTED

Judge Landis Ordered Its Dissolution Fined $43,000.

(By Wire to The Morning Star.)

Chicago, August 5.—Judge Landis in the United States District Court today ordered the dissolution of the Church and School Furniture Trust recently punished by fines amounting to $43,000 for admitted violation of the anti-trust laws. The court entered a decree making permanent the injunctions previously issued against the companies that were fined, restraining them from further trust agreements or conspiracies to monopolize and restrain trade in violation of the law.

VIRGINIA RATE OF TWO CENTS

Judge Pritchard to Modify Portion of His Order of Injunction.

LETS STATE DOWN EASY

Virginia Authorities Will Not Be Enjoined from Publishing Rate. Boasting That Satisfactory Settlement is Affected.

(By Wire to The Morning Star.)

Richmond, Va., August 6.—Within the next week United States Circuit Judge Pritchard will sign a modified decree, agreed to by the State and the railroads, under which the Corporation Commission will be enabled to complete the third step of its rate making function by publication of the two-cent rate order for four consecutive weeks in a Richmond newspaper. Not later than October 1st, the new rate will go into effect, pending final adjudication of the entire question involved by the Supreme Court of the United States.

Thus the Commonwealth will have accomplished that for which it had consistently fought without disorder, without defying a Federal ruling, and without employment of "big stick" tactics.

In the Circuit Court of the United States for the Eastern District of Virginia, there were filed yesterday two papers in the case of each contesting railroad, constituting an important part of the present and pending litigation. Judge Robert R. Prentiss, member of the Corporation Commission, filed the demurrer, which sets forth the general plea of the defendant commission in all of the cases. It reads as follows:

"This defendant by protestation not confession, or acknowledgement all or any other matters and things in the said plaintiff's bill to be true in such maner and form as the same are therein set forth and alleged, demurs therefore and for cause of demurrer shows:

"First—That the said plaintiff has not in and by the said bill made or stated any such cause as doth entitle it to any such relief as is thereby sought and prayed for.

"Second—That this defendant has no personal or individual interest in the matters and things referred to in said bill.

"Third—That the said plaintiff has adequate remedy at law.

"Fourth—That the matters and things complained of in said bill are Res Adjudcicata.

"Fifth—That this court has no jurisdiction to hear and determine this cause for the reason that this is a suit against the State of Virginia.

"Sixth—That this court has no jurisdiction to hear and determine the cause for the reason that the State Corporation Commission is a court of the State of Virginia and this court is therefore, without power to enjoin the said commission.

"Seventh—That this court has not jurisdiction to determine this cause for the reason that ir the said Commission is not such a court, as this court without power to enjoin then the publication of said commission order of April 27, 1907, was the necessary part of enactment of the same as legislation, and this court is equally without power to enjoin the legislation before it is enacted.

"Wherefore, and for divers other good causes of demurrer appearing in said bill, this defendant demurs thereto, and humbly demands the judgment of this court whether he shall be compelled to make any further answer to the said bill; and prays to be hence dismissed with his cost and charges in this behalf most wrongfully sustained."

PLEASURE CRAFT WRECKED.

Bad Accident to Party Leaving Exposition Grounds.

(By Wire to the Morning Star).

Newport News, Va., Aug. 5.—Their pleasure craft, caught by a cable attached to a loaded car float being towed by a tug of the New York, Philadelphia and Norfolk Railroad in Hampton Roads, and carried beneath the barge, one child was drowned last night, while his father, three uncles and a cousin had miraculous escape from a similar fate. Clifford Garrett, the latter's brothers, R. E. Garrett, of Cincinnati; J. L. Garrett, of Jamestown Island, and Edgar Garrett, of Newport News, and a cousin, George H. Garrett, of Richmond, left the Exposition grounds at 10 o'clock in a gasoline launch to come to this city.

Misunderstanding the signal lights, they ran into the tow line of the tug Saulsbury. In an instant George P. Garrett, with his little son in his arms and his brother, R. E. Garrett, were swept beneath the barge and when they came to the surface, the little boy was dead. Clinging to the wreckage of their launch, which they managed to reach, they kept afloat until a life boat from the steamer Montauk rescued them. The other three of party leaped to the barge when the crash came, two escaping injury. George H. Garrett, of Richmond, had a leg shattered.

MILL AND BOX FACTORY BURNED

Many Thrown Out of Employment by Fire at Oriental.

(By Wire to The Morning Star.)

Raleigh, N. C., August 5.—The saw mill and box factory of the Defiance Box Company at Oriental, N. C., was burned down last night, involving a loss of $5,000.

The plant was one of the largest on Pamlico Sound. It was owned and operated by Northern capitalists. A large number of men are thrown out of employment.

L & N ADOPTS 2 1-4 CT. RATE

Standing Master to Begin Hearing in Railroad Rate Litigation—Match Factory Chartered—July Number of N. C. Booklet.

By Associated Press.

Raleigh, N. C., Aug. 6.—Governor Glenn this afternoon received a telegram from the authorities of the Louisville and Nashville Railroad, saying that the road would put the State 2 1-4-cent rate into effect on the 8th of August. It is the last road to surrender to the State laws, and on the 8th of August all the railroads in North Carolina above 60 miles long will be using the State rate. The Louisville and Nashville has only 13 miles of trackage in North Carolina, this from the Georgia line to Murphy in Cherokee county, but the North Carolina Corporation Commission rules that it is controlled by the Atlantic Coast Line, which has a majority of its stock, and does not come in the class of independently owned and operated railroads under 60 miles, which are exempted from the 2 1-4-cent rate.

Raleigh, N. C., Aug. 5.—Ex-Judge W. A. Montgomery, standing master, announces that he will begin the taking of evidence in the now famous injunction litigation in the United States Circut Court for testing the constitutionality of the North Carolina 2 1-4-cent passenger rate act, Saturday, August 10th, in the general offices of the Southern Railway, at Washington, D. C., this being the case of the Southern Railway vs. the Corporation Commission and the Attorney General in which United tSates Judge Pritchard issued the injunction against the operation of the rate act until it shall have been adjudcated as to constitutionality, thereby bringing about the sensational conflict between the State and the Federal Courts and the consequent forcing of the railroad companies to observe the State law pending the outcome of the litigation.

The sittings of the Special Master's Court are, under the instructions of Judge Pritchard, to be wherever the convenience of the court and counsel may dictate. The sittings at the offices of the Southern in Washington will be for the taking of evidence for the complainant railroad company. The order in this case is for the report of the Standing Master to be made to Judge Pritchard at Asheville not later than September 25th next. Then he is to find the facts in the case of the Atlantic Coast Line involving much the same issues by January, 1908.

A new enterprise for North Carolina was chartered today, it being the Acme Match Company, factory to be located in Greensboro. The incorporators are J. P. Palmer, Gus Palmer and L. A. Wade, all of Winston-Salem. The capital is $100,000 authorized and $20,000 subscribed. This is the only match factory every chartered in this State.

Another charter is for the Sharpsburg Banking Company, of Nash county, capital $30,000 by J. D. Hawes and others.

The Planters' Hardware Company, of Wadesboro, changes its name to the Blalock Hardware Company, U. B. Blalock president.

In the office of the clerk of the State Supreme Court preparations are being made for the convening of the court for the Fall term on August 26, and continuing sixteen weeks thereafter. The indications are for another light docket.

From the office of the State Auditor there are being issued to the county registers of deeds statements of the assessments of banks, bank stock and the property of other corporations in the State, including building and loan associations, these assessments being for the purpose of taxation.

The July number of the North Carolina Booklet, published by the North Carolina Society Daughters of the Revolution, is just out, and is very interesting, including special articles by Col. Alfred M. Waddell, on "North Carolina in the French and Indian War"; by Hon. Junius Davis, on "Locke's Fundamental Constitution;" by Thomas M. Pittman on "Industrial Life in Colonial Carolina," and an address by Hon. James A. Cabell, of Richmond, on "Our Dearest Neighbor—The Old North State." There are also sketches of the careers of the contributors by Mrs. E. E. Moffitt and Miss Mary H. Hinton, editors of the Booklet.

CANADA CLAIMING ISLAND.

State Department at Washington Not At All Uneasy.

(By Wire to The Morning Star.)

Washington, Aug. 5.—The State Department officials are not in the least concerned about the reported intention of Captain Young and his party of Canadians to raise the British flag over Isle Royale, in Lake Superior. They point out that the treaty of 1848 expressly names the channel between Isle Royale and the Canadian mainland as marking the international boundary at that point in Lake Superior, so that there could be no question as to the American title of the island. Moreover the State Department has never heard that the Canadian government ever challenged that title. The island is a game preserve, in part, includes many rich vineyards, and is a favorite Summer resort for people from Chicago, Milwaukee and St. Paul in the United States and from the larger towns of Manitoba in Canada.

WARM WIRELETS.

Several hundred Uniform Rank Knights of Pythias from Ohio, West Virginia and Virginia, have begun a week's encampment at the Jamestown Exposition.

In New York yesterday Angelene Convarti, a six-year-old child, was found terribly bruised near the village of Linoleumville, Staten Island. She had been attacked by an unknown man.

General Karkozoff, ex-Governor of Odessa, was shot and killed in the centre of the town of Piatogorsk, Russia, yesterday. The assassin escaped. He was very rigorous in his government of the revolutionists and showed no mercy in suppressing disturbances.

At Put-in-Bay, Ohio yesterday in the presence of Vice President Fairbanks a beautiful monument was erected to the memory of the victory of Commodore Perry, on Lake Erie. A grandson of the commodore spoke, also Mr. Fairbanks.

The Central Railroad Company of New Jersey began acting in the Northampton County court, at Easton, Pa., yesterday, to test the validity of the 2-cent passenger fare act. The company contends that it will lose $200,000 annually if the law is enforced.

The dispatches from Mississippi yesterday state that there is no doubt that John Sharpe Williams has been nominated for Senator. However, some of Governor Vardaman's friends appear to be insisting on counting votes, which has the appearance of an effort to count Williams out.

One of the most brutal of the recent crimes against women and children in New York was yesterday charged against Lucca Fontza, who was locked up on Staten Island, accused of assaulting Antionette Taluci, a 2-year-old child. Bail was fixed at $5,000 on a charge of criminal assault.

Judge Vandeventer, in the United States Court at St. Paul's Minn., yesterday issued a temporary restraining order prohibiting the Secretary of State of Arkansas from forefeiting the rights of the Chicago, Rock Island and Pacific Railroad to do business in that State. It is held the railroad is an Iowa corporation and has a right to a hearing in the Federal Court.

At Birmingham yesterday a conference was held between Governor Bomer, the attorney general and counsel employed by the State in regard to the railway rate situation. They declared rights of the Southern Railway forfeited a few days ago and the conference was in respect to this, deciding that they would enforce the laws of the State at any cost.

The estimates for the support of the military establishment for the fiscal year ended June 30, 1909, have been prepared by the War Department with a view to their early consideration by Secretary Taft. It is understood that the estimates do not show any material increase over the appropriations for the current fiscal year, except where made necessary by new statutory increases in the organized strength of the army.

Health Commissioner Evans says that the strenuous life is killing the men of Chicago while the women in the Windy City are increasing their longevity by leading the simple life. During the past seven months it is shown that 12,000 men have died while only 6,000 women have passed away, the rate of difference increasing within the past year in the proportion of 30 to 10. Quck lunches, constant exposure and careless, he says, will contribute in a few centuries to an Adamless Eden.

Anna Markowitz, 24 years old, a pretty Jewess, lies dead at the morgue in Dayton, O., and at the hospital Abram Gordan, a young travelling man lies mortaly wounded in the abdomen. He and the girl had been assaulted while out walking and her two brothers and sisters have been arrested on suspicion. A younger sister with them at the time of the assault says that while the three were strolling along near the soldiers' home a highwayman slipped up behind Gordan and struck him with a black jack. The young woman had been dragged some distance and criminally assaulted. The girl was dead from strangulation.
